Pussy-Profile

Be part of our survey about the wonderful vulvas of this world and celebrate beauty in diversity! With this questionnaire and its evaluation we respond to the growing popularity of modern plastic surgery, especially female genital surgery, which – through extensive advertising and the provision of seemingly "objective" information – sets new standards for the "right" form, size and functionality of female sexual organs. But the fact is there is no general norm. All of our bodies are different and unique, they change through the course of our lives and with the experiences we make. The diversity of our bodies is valuable and the more we learn about our exciting anatomies, the more intensive can our individual sexuality be experienced. Knowledge is sexy!

Please answer the following questions (tick as appropriate and/or supplement).

1. How do you normally refer to your genetals? (If you use more than one term, please indicate which one you use most frequently, or which is your favorite.) □ Vagina; □ Vulva; □ Slit (germ. "Scheide"); □ Snatch (germ. "Möse"); □ Pussy; □ Muschi;
□ Mumu; □ Yoni; □ Other:
2. Does she have a special name? (e.g. Berta, Peach, Peterle, princess, kitty,)
3. How do you feel about/see/experience your clitoris? (You can circle one or more of the suggested words, or use the space below to describe/elaborate your relation to her.)
(e.g. big, small, super, magnificent, shy/timid, proud, beautiful, sexy, hungry, (un/)important)
4. How is our pussy currently styled?
